LIBERTYPAINTS WOOD COATINGS

Liberty Paints specializes in commercial and personal painting for clients based in GCC and Mena Region. We offer a wide range of premium paints analogous with world's renowned brands to obtain best-in-class results. With experience comes knowledge, and we bring over two decades of experience in the paint industry to our services.

The world is changing faster than we know it, and so is our company. We pride ourselves on our methods of constantly adapting according to manufacturers and competitors around the globe. In doing so, Liberty Paints re-sets the benchmark to maintain our place at the forefront of professional painting companies. After gaining years of experience as distributors in the coating market, we have created our very own exclusive brand for the automotive coating industry. We have come a long way from being distributors of world-renowned brands to creating our own brand and now having our manufacturing unit.

At Liberty Paints, we value customer satisfaction and completely take it upon ourselves to bring your creativity to life. Here, we have a wide variety of high quality and premium paints that range from Wood Coating, Auto Refinish coating, Decorative and Protective coating. Due to our world being exhausted of resources, we provide sustainable, economical, durable, and eco-friendly paints that help to protect the environment and save resources and energy.

Strong Research & Development focus

Diversified Portfolio in Paints & Coatings

Continual improvement in Technology to adapt changes

Passionate Entrepreneurs coming from highest reputed Institutes and vast Industry experience

SURFACE PREPARATION

The wooden surface must be sound, clean and free from oil, wax, grease and dust. Any loose flakes and dust must be removed by using an air vacuum or with a cloth.

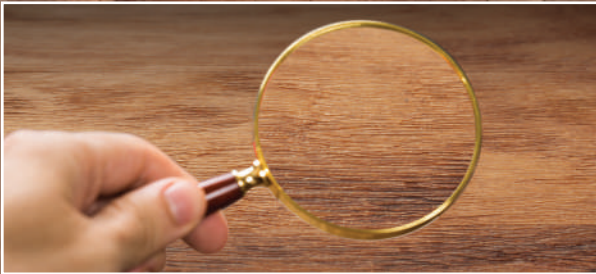

Step 1

Sand the wooden surface thoroughly by using 220 grit, sanding paper.

Step 2

Remove the dust, loose particles and flakes by using a cloth or air vacuum.

Step 3

Inspect the wooden surface before application. Its moisture content should be less than 15% prior to application.

LIBERTY PAINTS TIMBERTECH INTERIOR

Fast Drying

Specialized resin and hardener-based coating dries quickly, which saves man and machine hours.

Water Resistance

Moisture resistance property, which increases wood life.
